PROTECT YOUR PEOPLE

Protect your loved ones on the go with Cancer Council endorsed window tint.

There's nothing more important than the health and safety of your loved ones. Your family. Your Friends. Your People.

Here's why you should choose a Cancer Council endorsed window tint:

Our most popular tint. It's the darkest legal UV shield for your vehicle, so if you're looking for maximum protection with a stylish edge, choose Dark Night.

- You'll be making a contribution to Cancer Council that **supports cancer research** and associated services.
- It will **reduce UV exposure** associated with increased risk of skin cancer.
- You'll benefit from the **protection factor of 50+** which offers the family excellent protection.
- You'll be cooler with **up to 60% solar heat rejection**.
- You'll drive more safely with up to **60% glare reduction**.
- Helps **hold shattered glass** together in the event of an accident.
- Cancer Council endorsed window tints are independently **tested by ARPANSA**.
- And, for complete peace of mind, Cancer Council window tints come with **a limited lifetime warranty***.

Protect your loved ones on the go with our Cancer Council endorsed window tint.

Other available tints:

Provides near 'invisible protection' without the tinted window look.
